#### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone message left by Atty. Jun-Young Jeon (Reg. No. 43,693) on 3/11/06.

Please delete/cancel claim 2.

In claim 1, please replace "wherein said diffusion retarding plate is formed of ceramic or metal" with --wherein said diffusion retarding plate is formed of ceramic or metal, said optical fiber is disposed over said substrate surface and said epoxy surrounds a length of said optical fiber--.

#### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art, either alone or in combination, does not disclose or render obvious a fiber optic package wherein said diffusion retarding plate is formed of ceramic or metal, said optical fiber is disposed over said substrate surface and said epoxy surrounds a length of said optical fiber in combination with the rest of claim 1.

It is noted that the claim 1 is allowable because the unique combination of each and every specific element stated in the claim.

It is further noted that Dannoux (5812720) does not render instant claim 1 obvious because, consistent with accepted definition(s) of the word "surround", Dannoux does not teach, show, or imply that epoxy surrounds a length of said optical fiber.

The prior art, either alone or in combination, does not disclose or render obvious said diffusion retarding plate including legs that laterally bound said epoxy in combination with the rest of claim 15.

It is noted that the claim 15 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious wherein said moisture resistant member comprises a cover that substantially directly surrounds said epoxy superadjacently and laterally in combination with the rest of claim 18.

It is noted that the claim 18 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious a method of forming wherein said moisture resistant member comprises a cover that substantially directly surrounds said epoxy superadjacently and laterally in combination with the rest of claim 21.

It is noted that the claim 21 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious a fiber optic package wherein said diffusion retarding plate covers an entire upper surface of said epoxy, in which said optical fiber is disposed on said substrate surface in combination with the rest of claim 28.

It is noted that the claim 28 is allowable because the unique combination of each and every specific element stated in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
